

Exhibit B

WIRELESS FACILITIES STANDARD TERMS AND CONDITIONS

The Wireless Facilities Standard Terms and Conditions (“Standard Terms”) are made and entered in this _____ day of _____, 2018, by the City of Chandler, an Arizona municipal corporation (“City”).

STANDARD RECITALS

A. Various laws (the “Telecommunications Laws”) authorize City to regulate its streets, alleys and utility easements of the City, and to grant, renew, deny, amend and terminate licenses for and otherwise regulate the installation, operation and maintenance of telecommunications systems. The Telecommunications Laws include, without limitation, the following:

- 1) Chapter 46 of the Chandler City Code entitled “Encroachments and Other Uses in the Public Right-of-Way” (the “Street Code”). Chandler City Code, Sec. 46-10, applies to a Wireless Provider, as defined in A.R.S. §9-591(26) (“Wireless Provider”).
- 2) The Chandler City Charter.
- 3) A.R.S. §§ 9-581 through 9-583, §§ 9-591 through 9-599 and other state and federal statutes.
- 4) The Constitution of the State of Arizona.
- 5) Other applicable federal, state and local laws, codes, rules and regulations.
- 6) City’s police powers, its authority over public Right-of-way, and its other governmental powers and authority.

B. City owns public street and alley rights-of-way and utility easements of the City within the boundaries of the City of Chandler that are designated for use by utility companies for installation, operation and repair of water, electrical and other utilities pursuant to franchises, licenses or other agreements between utility companies and City (collectively the “Right-of-way”).

C. City anticipates that one or more Wireless Providers may desire to locate antennas and immediately related equipment at various (“the Sites”) within the Right-of-way.

D. The Standard Terms become effective as to each site as they are incorporated in the Wireless Provider Right-of-way License Agreement (“License Agreement”) by reference. Except as otherwise stated, each License Agreement stands on its own.

E. The purpose of these Standard Terms is to:

- 1) Promote uniformity in the License Agreements and Wireless Facilities Site Permits (“Site Permits”).

- 2) Streamline the preparation and administration of the License Agreement and Site Permits.

F. Because City's existing streetlight poles and traffic signed poles are not designed to safely support the additional weight and stress of Wireless Facilities, Wireless Providers shall be required to provide poles designed to support these facilities to replace existing poles prior to attaching Wireless Facilities.

II. USE AREAS

2. Authority to Use Right-of-way. Upon approval of a License Agreement, City grants to Wireless Provider the right to install Wireless Facilities in the City's Right-of-way upon issuance of a Site Permit for each Use Area as set forth below:

2.1 Limitations. Notwithstanding anything herein to the contrary, the Use Areas include and are limited to only certain areas that Wireless Provider is permitted to exclusively use and occupy (the "Exclusive Areas") and certain areas that Wireless Provider is permitted to use on a shared basis (the "Shared Areas"). The Use Areas are defined by the Boundary Plan.

2.2 Use Areas Boundary. The Use Areas is the smallest geometric shape that includes the Exclusive Areas and the Shared Areas. The Use Areas excludes other parts of the Street Parcel and all other land. Wireless Provider shall not occupy or use any other portion of the Street Parcel or adjoining lands. An approved License Agreement or an issued Site Permit does not allow any use of land outside the Street Parcel. If any portion of Wireless Provider's work, improvement or equipment is to be located on other land, then such work, improvements and equipment are prohibited unless Wireless Provider first obtains from the owner of said land (including City, if applicable) an agreement allowing such work, improvements and equipment (a "Supplemental Parcel Agreement").

2.3 Exclusive Areas. The Exclusive Areas are limited to the following, if and as defined by the Boundary Plan:

2.3.1 The land area defined as "Enclosure" on the Boundary Plan to be used by Wireless Provider solely for the enclosure housing the electronic ground equipment shown on the Site Plan (the "Enclosure"). Such area is confined to the actual area occupied by the exterior structure and the interior of the enclosure. If the Boundary Plan does not show a clearly defined and correctly labeled "Enclosure" area, then no enclosure area is available for Wireless Provider's use under an issued Site Permit and any enclosure for Wireless Provider's use must be located outside the Street Parcel and authorized by a Supplemental Parcel Agreement.

2.3.2 The area on the Pole defined as "Antennas" on the Boundary Plan to be used by Wireless Provider solely for mounting the Antennas. Such area is confined to the City approved elevations and locations actually occupied by the Antennas and their supporting brackets. If the Boundary Plan does not show a clearly defined and correctly labeled "Antennas" area, then no main antennas area is available for Wireless Provider's use under an issued Site Permit and any main antennas for Wireless Provider's use must be located outside the Street Parcel and authorized by a Supplemental Parcel Agreement.

2.4 Shared Areas. Shared Areas are limited to the following areas, if and as defined by the Boundary Plan:

2.4.1 A motor vehicle Parking space (the "Parking Space") at the "Parking Space" location described on the Boundary Plan to be used by Wireless Provider solely for parking a service vehicle to service the Communications Equipment and for ingress and egress to that Parking Space.

2.4.2 No temporary construction area is provided by these Standard Terms or an issued Site Permit. Wireless Provider must obtain from City a separate written document giving Wireless Provider permission to work in the Right-of-way, as described elsewhere herein.

2.4.3 An underground cable route (the "Signal Route") labeled as the "Signal Route" described on the Boundary Plan from the Enclosure to the Antenna to be used by Wireless Provider solely for underground radio frequency lines between the Enclosure and the Antenna. Notwithstanding the preceding sentence, the portion of the Signal Route upon the Pole shall not be underground but shall be within the Pole. If the Boundary Plan does not show a clearly defined and correctly labeled "Signal Route" area, then no signal route area is available for Wireless Provider's use under these Standard Terms or an issued Site Permit and any signal route for Wireless Provider's use must be located outside the Street Parcel and authorized by a Supplemental Parcel Agreement.

2.5 Power and Telephone Service. Nothing herein grants permission for any portion of the power, telephone or other service routes, if any. (Use of the public street Right-of-way or utility easements for these purposes, if any, is governed by normal City Right-of-way rules and policies and by the franchise between the City and the electrical and telephone service providers.)

2.6 Rights in Adjacent Land. Wireless Provider's rights are expressly limited to the real property defined as the "Use Areas" in an issued Site Permit. Without limitation, in the event any public Right-of-way or other public or private property at or adjacent to the Use Areas is owned, dedicated, abandoned or otherwise acquired, used, improved or disposed of by City, such property shall not accrue to Wireless Provider but shall be City's only.

2.7 Variation in Area. In the event the Use Areas consist of more or less than any stated area, Wireless Provider's obligations hereunder shall not be increased or diminished.

2.8 Condition of Title. Wireless Provider shall not have power to amend, modify, terminate or otherwise change the Site Documents or create new Site Documents.

2.8.1 City does not warrant its own or any other person's title to or rights to use the Use Areas or any other property.

2.8.2 Wireless Provider shall pay, indemnify, defend and hold harmless City and its agents and representatives of, from and against any and all claims, demands, damages, expenses, interest or penalties of any kind or nature whatsoever, including attorneys', arbitrators' and experts' fees and court costs that arise from or relate to Wireless Provider's non-compliance with the Site Documents.

2.9 Condition of Use Areas. The Use Areas are being made available in an "as is" condition without any express or implied warranties of any kind, including without limitation any warranties or representations as to their condition or fitness for any use.

2.10 No Real Property Interest. Notwithstanding any provision hereof to the contrary, and notwithstanding any negotiation, correspondence, course of performance or dealing, or other statements or acts by or between the parties, Wireless Provider's rights herein are limited to use and occupation of the Use Areas for the Permitted Uses. Wireless Provider's rights in the Use Areas are limited to the specific rights created herein as an approved License Agreement.

2.11 Reserved Right and Competing Users and Activities. Notwithstanding anything herein to the contrary, City specifically reserves to itself and excludes from an issued Site Permit a non-exclusive delegable right (the "Reserved Right") over the entire Use Areas for all manner of

real and personal improvements and for streets, sidewalks, trails, landscaping, utilities and every other land use of every description. Without limitation:

2.11.1 Competing Users. Wireless Provider accepts the risk that City and others (the “Competing Users”) may now or in the future install their facilities in the Use Areas in locations that make parts of the Right-of-way unavailable for Wireless Provider’s use.

2.11.2 Competing Activities. Wireless Provider accepts the risk that there may now or in the future exist upon the Use Areas all manner of work and improvements upon the Use Areas (the “Competing Activities”). The Competing Activities include without limitation any and all laying construction, erection, installation, use, operation, repair, replacement, removal, relocation, raising, lowering, widening, realigning or other dealing with any or all of the following, whether above, upon or below the surface of the Use Areas and whether occasioned by existing or proposed uses of the Right-of-way or existing or proposed uses of adjoining or nearby land:

2.11.2.1 All manner of streets, alleys, sidewalks, trails, ways, traffic control devices, subways, tunnels, trains and gates of every description, and all manner of other transportation facilities and their appurtenances.

2.11.2.2 All manner of pipes, wires, cables, conduits, sewers, pumps, valves, switches, conductors, connectors, poles, supports, access points and guy wires of every description, and all manner of other utility facilities and their appurtenances.

2.11.2.3 All manner of canals, drains, bridges, viaducts, overpasses, underpasses, culverts, markings, balconies, porches, overhangs and other encroachments of every description and all manner of other facilities and their appurtenances.

2.11.2.4 All other uses of the Right-of-way that City may permit from time to time.

2.11.3 City’s Rights Cumulative. All of City’s Reserved Rights under various provisions of these Standard Terms, approved License Agreements, and issued Site Permits herein shall be cumulative to each other.

2.11.4 Use Priorities. These Standard Terms do not grant to Wireless Provider or establish for Wireless Provider any exclusive rights or priority in favor of Wireless Provider to use the Use Areas. Wireless Provider shall not obstruct or interfere with or prevent any Competing User from using the Use Areas.

2.11.5 Regulation. City shall have full authority to regulate use of the Use Areas and to resolve competing demands and preferences regarding use of the Use Areas and to require Wireless Provider to cooperate and participate in implementing such resolutions. Without limitation, City may take any or all of the following into account in regulating use of the Use Areas:

2.11.5.1 All timing, public, operational, financial and other factors affecting existing and future proposals, needs and plans for Competing Activities.

2.11.5.2 All other factors City may consider relevant, whether or not mentioned in these Standard Terms, approved License Agreements, and issued Site Permits.

2.11.5.3 Differing regulatory regimes or laws applicable to claimed rights, public benefits, community needs and all other factors relating to Competing Users and Competing Activities.

2.11.6 Communications Equipment Relocation. Upon one hundred eighty (180) days' notice from City, Wireless Provider shall temporarily or permanently relocate or otherwise modify the Communications Equipment Relocation (the "Relocation Work") as follows:

2.11.6.1 Wireless Provider shall perform the Relocation Work at its own expense when required by City's city manager or designee.

2.11.6.2 The Relocation Work includes all work determined by City to be necessary to accommodate Competing Activities, including without limitation temporarily or permanently removing, protecting, supporting, disconnecting or relocating any portion of the Communications Equipment.

2.11.6.3 City may perform any part of the Relocation Work that has not been performed within the allotted time. Wireless Provider shall reimburse City for its actual costs in performing any Relocation Work. City has no obligation to move Wireless Provider's, City's or others' facilities, but will in good faith assist Wireless Provider to find a new location and to expedite the approval process.

2.11.6.4 City and not Wireless Provider shall be entitled to use any of Wireless Provider's facilities that are abandoned in place or that are not relocated on City's request.

2.11.6.5 All Relocation Work shall be subject to and comply with all other provisions of the License Agreement.

2.11.7 Disruption by Competing Users. Neither City nor any agent, contractor or employee of City shall be liable to Wireless Provider, its customers or third parties for any service disruption or for any other harm caused them or the Communications Equipment due to Competing Users or Competing Activities.

2.11.8 Emergency Disruption by City. City may remove, alter, tear out, relocate or damage portions of the Communications Equipment in the case of fire, disaster, or other emergencies if City's city manager or designee deems such action to be reasonably necessary under the circumstances. City will make reasonable efforts to contact the Wireless Provider's Network Operations Center. In such event, neither City nor any agent, contractor or employee of City shall be liable to Wireless Provider or its customers or third parties for any harm so caused to them or the Communications Equipment. When practical, City shall consult with Wireless Provider in advance to assess the necessity of such actions and to minimize to the extent practical under the circumstances damage to and disruption of operation of the Communications Equipment. In any event, City shall inform Wireless Provider after such actions. Wireless Provider's work to repair or restore the Communications Equipment shall be Relocation Work.

2.11.9 Public Safety. If the Communications Equipment or any other Wireless Provider equipment, improvements or activities present any immediate hazard or impediment to the public, to City, to City's equipment or facilities, to other improvements or activities within or without the Use Areas, or to City's ability to safely and conveniently operate the Right-of-way or

perform City's utility, public safety or other public health, safety and welfare functions, then Wireless Provider shall immediately remedy the hazard, comply with City's requests to secure the Street Parcel, and otherwise cooperate with City at no expense to City to remove any such hazard or impediment. Wireless Provider's work crews shall report the Use Areas within four (4) hours of any request by City under this paragraph (the "Safety Paragraph").

2.12 Third Party Permission. There may be portions of the Right-of-way, such as canal crossings or other areas that for any reason have limited Right-of-way dedications or that have regulatory use restrictions imposed by a third party ("Third Party"). Areas subject to such restrictions or regulations by Third Parties are referred to as "Third Party Areas" and communications equipment may not be built without permission from the Third Party or Third Parties that have property rights or regulatory authority over a specific Third Party Area. Wireless Provider's right to use any Use Areas shall be suspended, but not its obligations with respect thereto, during any period that a Third Party Permission is not in effect.

III. TERM OF LICENSE AGREEMENTS

3. Term of Agreement. The term of each License Agreement shall be as follows:

3.1 Original Term. The original term of a License Agreement shall be for a period of ten (10) years commencing on the effective date stated therein, and the terms of all related Site Permits shall be subject to the same term as the approved License Agreement.

3.2 Extensions. The term of each License Agreement may be extended as follows:

3.2.1 The term of each License Agreement may be extended for one (1) additional ten (10) year period subject to consent by City and Wireless Provider, which either may withhold in its sole and absolute discretion.

3.2.2 Both City and Wireless Provider shall be deemed to have elected to extend unless City or Wireless Provider, respectively, gives notice to the contrary to the other at least ninety (90) days prior to the end of the original term or the current extension.

3.2.3 The second term shall begin ten (10) years plus one (1) day after the initial effective date.

3.3 Holding Over. In any circumstance whereby Wireless Provider would remain in possession or occupancy of the Use Areas after the expiration of the approved License Agreement and issued Site Permits, (as extended, if applicable), such holding over shall not be deemed to operate as a renewal or extension of the approved License Agreement and issued Site Permits, but shall only create a use right from month to month that may be terminated at any time by City upon thirty (30) days' notice to Wireless Provider, or by Wireless Provider upon sixty (60) days' notice to City.

3.4 City's Right to Cancel. Notwithstanding anything contained herein to the contrary, City shall have the unconditional right, with or without cause, to terminate any Site Permit for reasons including but not limited to street widening, Right-of-way abandonment, or development that may impact the location of the site, upon one hundred eighty (180) days' notice given at any time after the first one hundred eighty (180) days. City shall assist Wireless Provider in locating a new site for the facility and expedite the process.

3.5 Wireless Provider's Right to Cancel. Wireless Provider shall have the unilateral right to terminate any Site Permit without cause upon thirty (30) days' written notice. Wireless Provider has no right to terminate any time after an event of default by Wireless Provider has occurred (or an event has occurred that would become a default after passage of time or giving of notice).

IV. WIRELESS PROVIDER'S PAYMENTS

4. Wireless Provider's Payments. Wireless Provider shall make payments to City as follows:

4.1 Use Fee Items. Wireless Provider shall pay to City each of the following separate and cumulative amounts (collectively the "Use Fee"):

4.1.1 An annual amount (the "Base Use Fee").

4.1.2 An amount (the "Ordinary Permit Use Fee") based on Wireless Provider's permit review and other costs as set out below.

4.1.4 All other amounts required by the License Agreement.

4.2 Base Use Fee Amount. The amount of Base Use Fee Wireless Provider shall pay to City for each year of this Agreement shall be the total of all applicable fee line items for wireless communications facilities (including without limitation "antenna base fee" and "ground equipment fee", as applicable) as set out in the then current fee schedule as it may be amended from time to time by City's city council.

4.6 Letter of Credit. The Initial Letter of Credit amount shall be based upon the Wireless Provider's good faith projection of the number of sites to be constructed within the City of Chandler during the current calendar year. The Initial Letter of Credit shall be received by the City before any construction and encroachment permits are issued as follows:

4.6.1 The amount of the letter of credit shall be as follows: Thirty Thousand Dollars (\$30,000.00) for up to ten (10) wireless sites; Sixty Thousand Dollars (\$60,000) for eleven (11) to twenty (20) wireless sites; One Hundred Five Thousand Dollars (\$105,000) for twenty one (21) to thirty five (35) wireless sites; One Hundred Eighty Thousand Dollars (\$180,000) for thirty six (36) to sixty (60) wireless sites; Three Hundred Thousand Dollars (\$300,000) for sixty one (61) to one hundred (100) wireless sites; Four Hundred Fifty Thousand Dollars (\$450,000) for one hundred one (101) to one hundred fifty (150) wireless sites; Six Hundred Seventy Five Thousand Dollars (\$675,000) for one hundred fifty one (151) to two hundred twenty five (225) wireless sites; One Million Fifty Thousand Dollars (\$1,050,000) for two hundred twenty six (226) to three hundred fifty (350) wireless sites; One Million Five Hundred Thousand Dollars (\$1,500,000) for three hundred fifty one (351) to five hundred (500) wireless sites; Two Million Two Hundred Fifty Thousand Dollars (\$2,250,000) for five hundred one (501) to seven hundred fifty (750) wireless sites; and Three Million Dollars (\$3,000,000) for seven hundred fifty one (751) to one thousand (1,000) wireless sites. If the number of Wireless Provider's wireless sites is more than one thousand (1,000), the Three Million Dollar (\$3,000,000) letter of credit shall remain in effect and the letter of credit for the wireless sites in excess of one thousand sites shall be calculated using the schedule provided in this subsection.

4.6.2 The City will determine at least once annually if the number of Wireless Provider's wireless sites that are licensed require that the letter of credit be upgraded to a higher amount. If City requires a new letter of credit, it shall provide formal notice in writing to the Wireless Provider. The Wireless Provider must provide the new letter of credit within 45 days of receiving written notice.

4.6.3 The letter of credit is a security deposit for Wireless Provider's performance of all of its obligations under these Standard Terms within the City of Chandler.

4.6.4 The letter of credit shall meet the requirements listed on Attachment "C" attached hereto.

4.6.5 Wireless Provider shall provide and maintain the letter of credit during the entire term of the License Agreement as follows:

4.6.5.1 Wireless Provider shall cause the original letter of credit to be delivered to City's Regulatory Affairs Division.

4.6.5.2 Wireless Provider shall pay all costs associated with the letter of credit, regardless of the reason or manner such costs are required.

4.6.5.3 Within ten (10) business days after City gives Wireless Provider notice that City has drawn on the letter of credit, Wireless Provider shall cause the letter of credit to be replenished to its prior amount.

4.6.6 City may draw on the letter of credit upon any Event of Default, and in the following circumstances whether or not they are an Event of Default:

4.6.6.1 Wireless Provider fails to cause the letter of credit to be renewed, extended, increased in amount or otherwise maintained as required by these Standard Terms.

4.6.6.2 Wireless Provider fails to make monetary payments as required by these Standard Terms.

4.6.6.3 The issuer of the letter of credit fails to immediately honor a draft on the letter of credit or otherwise repudiates or fails to honor the letter of credit.

4.6.7 City shall also have such additional rights regarding the letter of credit as may be provided elsewhere in the License Agreement.

4.7 Late Fees. Use Fee is deemed paid only when City actually receives good cash payment. Should any Use Fee not be paid on or before the date due, a late fee shall be added to the amount due in the amount of the greater of ten percent (10%) of the amount due, or One Hundred Dollars (\$100). Furthermore, any Use Fee that is not timely paid shall accrue simple interest at the rate of one and one-half percent (1 ½ %) per month from the date the amount first came due until paid. Wireless Provider expressly agrees that the foregoing represent fair and reasonable estimates by City and Wireless Provider of City's costs (such as accounting, administrative, legal and processing costs, etc.) in the event of a delay in payment of Use Fee. City shall have the right to allocate payments received from Wireless Provider among Wireless Provider's obligations.

4.8 Use Fee Amounts Cumulative. All amounts payable by Wireless Provider hereunder or under any tax, assessment or other existing or future ordinance, law or other contract or obligations to the City of Chandler or the State of Arizona shall be cumulative and payable in addition to each other payment required hereunder, and such amounts shall not be credited toward, substituted for, or setoff against each other in any manner.

V. USE RESTRICTIONS

5. Use Restrictions. Wireless Provider's use and occupation of the Use Areas shall in all respects conform to all and each of the following cumulative provisions:

5.1 Permitted Uses. Wireless Provider shall use the Use Areas solely for the Permitted Uses and shall conduct no other activity at or from the Use Areas.

5.3 Small Wireless Facility. Wireless Provider may install a Small Wireless Facility, as defined in A.R.S. 9-591(19), to be limited to:

5.3.1 All antennas, including the antenna's exposed elements, are located inside an enclosure of not more than six (6) cubic feet in volume, and

5.3.2 All other wireless equipment associated with the facility is cumulatively not more than twenty-eight (28) cubic feet in volume.

5.3.3. The following ancillary equipment is not included in the equipment volume: electric meter, concealment elements, telecom demarcation box, grounding equipment, power transfer switch, cutoff switch, and vertical cable runs.

If such interference should occur, Wireless Provider shall immediately discontinue using the equipment, methodology or technology that causes the interference until Wireless Provider takes corrective measures to alter the Communications Equipment to eliminate such interference. Any such corrective measures shall be made at no cost to City. Wireless Provider shall give to City notice containing a list of the radio frequencies Wireless Provider is using at the Use Areas and shall give notice to City of any change in frequencies.

5.6 Signs. All signage is prohibited except in compliance with the following requirements:

5.6.1 Wireless Provider shall install and thereafter maintain the following signs and other markings as reasonably determined by City from time to time:

5.6.1.1 All signs and markings required for safe use of the Use Areas by City, Wireless Provider and other persons who may be at the Use Areas at any time for any reason.

5.6.1.2 Any signage City may request directing parking, deliveries and other vehicles and other users to comply with the License Agreement.

5.6.1.3 Warning signs listing only Wireless Provider's name, permanent business address, telephone number, emergency telephone number, and any information required by law.

5.6.2 All signage not expressly allowed by these Standard Terms is prohibited.

5.6.3 The location, size, content and style of each sign shall be subject to the provisions of the applicable sign ordinance and shall comply with City's sign programs as the same may change from time to time. Wireless Provider shall update signs as required to comply with changes in the applicable sign ordinance and City's sign programs.

5.6.4 Wireless Provider shall design, make, install and maintain all signage in a first class, professional manner without broken panels, faded or peeling paint or other damage.

5.6.5 Wireless Provider shall bear all costs pertaining to the erection, installation, operation, maintenance, replacement and removal of all signs including, but not limited to, the application for and obtaining of any required building or other permits regardless of the reason for any such activity, even if such activity is required by City pursuant to these Standard Terms.

5.6.6 The requirements of this paragraph apply to all signs, designs, monuments, decals, graphics, posters, banners, markings, and other manner of signage.

5.7 Wireless Provider's Lighting. Except for security lighting operated with City's approval from time to time, Wireless Provider shall not operate outdoor lights at the Use Areas.

5.8 Noise. Except during construction permitted under these Standard Terms and for burglar alarms and other safety devices, outdoor loud speakers, sirens or other devices for making noise are prohibited. All equipment shall be operated so that sound coming therefrom does not exceed the ambient noise level at the boundary of the Street Parcel and cannot be heard at the closer of i) the exterior boundary of the Street Parcel or ii) two hundred feet (200') outside the boundary of the Street Parcel. The preceding sentence does not apply to use of normal, properly maintained construction equipment used as permitted by an issued Site Permit, to infrequent use of equipment that is as quiet or quieter than a typical well maintained gasoline powered passenger automobile, to use of an air conditioning unit that is no noisier than a typical well maintained residential air conditioning unit.

5.9 Limited Access. It is Wireless Provider's and not City's responsibility to keep unauthorized persons from accessing the Communications Equipment and the Exclusive Areas.

5.10 Standards of Service. Wireless Provider shall operate the Use Areas in a first-class manner, and shall keep the Use Areas attractively maintained, orderly, clean, neat and tidy at all times. Wireless Provider shall not allow any person or persons in or about the Use Areas related to Wireless Provider's operations who shall fail to be clean, courteous, efficient and neat in appearance.

5.11 Wireless Provider's Agent. Wireless Provider shall at all times retain on call available to City by telephone an active, qualified, competent and experienced person to supervise all activities upon the Use Areas and operation of the Communications Equipment and who shall be authorized to represent and act for Wireless Provider in matters pertaining to all emergencies and the day-to-day operation of the Right-of-way and all other matters affecting issued Site Permit. Wireless Provider shall also provide notice to City of the name, street address, electronic mail address, and regular and after hours telephone number of a person to handle Wireless Provider's affairs and emergencies at the Right-of-way. Any change shall be given in writing to City's Regulatory Affairs Division in the manner stated for notices required herein.

5.12 Coordination Meetings. Wireless Provider shall meet with City and other Right-of-way users from time to time as requested by City to coordinate and plan construction on the Use Areas and all matters affected by these Standard Terms. Without limitation, Wireless Provider shall attend City's scheduled utility planning meetings.

5.13 Toxic Substances. Wireless Provider's activities upon or about the Use Areas shall be subject to the following regarding any hazardous or toxic substances, waste or materials or any substance now or hereafter subject to regulation under the Comprehensive Environmental Response Compensation and Liability Act, 42 U.S.C. §§ 9601, et seq., the Arizona Hazardous Waste Management Act, A.R.S. §§ 49-901, et seq., the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6901, et seq., the Toxic Substances Control Act, 15 U.S.C. §§ 2601, et seq., or any other federal, state, county, or local law pertaining to hazardous substances, waste or toxic substances and their reporting requirements (collectively "Toxic Substances"):

5.13.1 Wireless Provider understands the hazards presented to persons, property and the environment by dealing with Toxic Substances. City has made no warranties as to whether the Use Areas contain actual or presumed asbestos or other Toxic Substances.

5.13.2 Within twenty-four (24) hours after discovery by Wireless Provider of any Toxic Substances, Wireless Provider shall report such Toxic Substances to City in writing. Within fourteen (14) days thereafter, Wireless Provider shall provide City with a written report of the nature and extent of such toxic substances found by Wireless Provider.

5.13.3 Disturbance of Toxic Substances. Prior to undertaking any construction or other significant work, Wireless Provider shall cause the Use Areas to be inspected to prevent disturbance of potential asbestos or other Toxic Substances. Prior to any work of any description that bears a material risk of disturbing potential asbestos or other Toxic Substances, Wireless Provider shall cause the contractor or other person performing such work to give to City notice by the method described in these Standard Terms to the effect that the person will inspect for Toxic Substances, will not disturb Toxic Substances, and will indemnify, defend and hold City harmless against any disturbance in Toxic Substances in the course of the contractor's or other person's work. Wireless Provider shall cause any on-site or off-site storage, inspection, treatment, transportation, disposal, handling, or other work involving Toxic Substances by Wireless Provider in connection with the Use Areas to be performed by persons, equipment, facilities and other resources who are at all times properly and lawfully trained, authorized, licensed, permitted and otherwise qualified to perform such services. Wireless Provider shall promptly deliver to City copies of all reports or other information regarding Toxic Substances.

5.14 Required Operation. During the entire term of each Site Permit and any renewals or extensions, Wireless Provider shall actively and continuously operate the Communications Equipment twenty-four (24) hours a day, seven (7) days a week, for the Permitted Uses. Notwithstanding anything contained in this paragraph to the contrary, the operation requirements of this paragraph shall be effective commencing on the earlier of completion of the Project or the Completion Deadline and shall continue through the date the License Agreement terminates or expires for any reason. In the event of relocation of the Communications Equipment or damage to the Use Areas severe enough that the Communications Equipment cannot reasonably be operated during repairs, the operation requirements of this paragraph shall be suspended during the time specified by these Standard Terms for accomplishing repair of such damage to relocation of the Communications Equipment. Wireless Provider may temporarily cease operating the Communications Equipment for short periods necessary to test, repair, service or upgrade the Communications Equipment.

5.15 Actions by Others. Wireless Provider shall be responsible to ensure compliance with these Standard Terms by all persons using the Right-of-way through or under Wireless Provider or these Standard Terms.

VI. WIRELESS PROVIDER'S IMPROVEMENTS GENERALLY

6. Wireless Provider's Improvements Generally. All of Wireless Provider's improvements and other construction work whether or not specifically described herein upon or related to the Use Areas (collectively "Wireless Provider's Improvements") shall comply with the following:

6.1 Wireless Provider's Improvements. Wireless Provider's Improvements include without limitation, all modification, replacement, repairs, installation, construction, grading, structural, utility, lighting, plumbing, sewer or other alterations, parking or traffic alterations, removal, demolition or other cumulatively significant construction or similar work of any description and all installation or alteration of the Communications Equipment.

6.2 Zoning and Similar Approval Process. The zoning processes, building permit processes, Right-of-way management policies and similar regulatory requirements that apply to Wireless Provider's Improvements are completely separate from the plans approval processes set forth in these Standard Terms. Wireless Provider's satisfaction of any requirement set forth these Standard Terms does not substitute for compliance with any regulatory requirement. Wireless Provider's satisfaction of any regulatory requirement does not substitute for compliance with any requirement of these standard terms. Wireless Provider must make all submittals and communications regarding the requirements of these Standard Terms through City's Regulatory Affairs Division and not through planning, zoning, building safety or other staff. Wireless Provider shall be responsible to directly obtain all necessary permits and approvals from any and all governmental or other entities having standing or jurisdiction over the Use Areas. Wireless Provider bears sole responsibility to comply with all stipulations and conditions that are required in order to secure such rezoning and other approvals. Notwithstanding anything in this paragraph, to the extent regulatory requirements and requirements of these Standard Terms are identical, compliance with regulatory requirements shall constitute compliance with these Standard Terms and vice versa.

6.2.1 Batching Sites for Approval. Only sites that do not have a new or a replacement pole required for the antennas, and do not have any underground cables, conduit, and foundations, are eligible for batch processing of the applications.

6.3 Relationship of Plans Approval to Regulatory Processes. Wireless Provider's submission of plans under these Standard Terms, City's approval of plans for purposes of these Standard Terms, and the plans approval process herein shall be separate and independent of all development, zoning, design review and other regulatory or similar plans submittal and approval processes, all of which shall continue to apply as provided under state law, in addition to the requirements of these Standard Terms and its approvals. BUILDING PERMITS, ZONING CLEARANCES, OR ANY OTHER GOVERNMENTAL REVIEWS OR ACTIONS DO NOT CONSTITUTE APPROVAL OF ANY PLANS FOR PURPOSES OF THE LICENSE AGREEMENT.

6.4 City's Fixtures and Personalty. Wireless Provider shall not remove, alter or damage in any way any improvements or any personal property of City upon the Use Areas without City's prior written approval. In all cases, Wireless Provider will repair any damage or other alteration to City's property caused by Wireless Provider or its contractors, employees or agents to as good or better condition than existed before the damage or alteration.

6.5 Design Requirements. All Wireless Provider's Improvements shall comply with the following design requirements:

6.5.1 All Wireless Provider's Improvements shall be contained entirely within the Use Areas and without any encroachment or dependence upon any other property, except for permitted utility service.

6.5.2 Any changes to utility facilities shall be strictly limited to the Use Areas, shall not affect utilities used by City, and shall be undertaken by Wireless Provider at its sole cost and expense.

6.5.3 The Antennas and other Communications Equipment shall be properly designed, installed and maintained so as not to create a risk of damage to the Pole, to persons or property upon or using the Street Parcel or City's other property.

6.5.4 To the extent requested by City, Wireless Provider's plans shall include a description of construction methods employed to address environmental issues affecting or affected by the Use Areas and protect other facilities at the Street Parcel and surrounding properties.

6.5.5 All specifications set forth in the City of Chandler Design Standards for Small Wireless Facilities in the Right-of-Way, (Attachment A).

6.6 Approval Required. Wireless Provider shall not construct any Wireless Provider's Improvements (including work on adjacent public lands, if applicable) without having first received written plans approval from City. Such consent requirement shall apply to all improvements, furnishings, equipment, fixtures, paint, wall treatments, utilities of every description, communications cabling and other construction work of any description as described in all plans heretofore or hereafter delivered by Wireless Provider to City. Such consent requirement does not apply to work to the Communications Equipment confined completely inside the Enclosure and not visible, audible, or otherwise discernible outside the Enclosure.

6.7 Effect of Plans Approval. Wireless Provider shall submit engineering and construction plans to the City for review and approval. City's approval of plans submitted shall be for purposes of these Standard Terms only and shall constitute irrevocable approval (but only at the level of detail of the applicable stage of the review process) of the matters plainly shown on the plans approved. City shall not reject subsequent plans to the extent the matter to which City objects was plainly shown on plans previously approved by City. However, City is not precluded from objecting to matters not previously approved, changes to plans, matters not previously clearly disclosed on approved plans, or refinements or implementation of matters previously approved.

6.8 Plans Required. Wireless Provider's design of all Wireless Provider's Improvements shall occur in three stages culminating in final working construction documents for the Wireless Provider's Improvements (the "Final Plans"). The three stages are, in order of submission and in increasing order of detail, as follows:

6.8.1 Conceptual plans showing the general layout, locations, elevations, configuration, and capacities of all significant improvements, topographical features, pedestrian and vehicular ways, buildings, utilities, and other features significantly affecting the appearance, design, function or operation of each element of Wireless Provider's Improvements.

6.8.2 Preliminary plans showing all surface finishes and treatments, finished elevations, general internal and external design (including without limitation colors, textures and materials), mechanical, communications, electrical, plumbing and other utility systems, building materials, landscaping and all other elements necessary prior to preparation of final working construction documents and showing compliance with all requirements of these Standard Terms. The preliminary plans shall show all detail necessary prior to preparation of Final Plans.

6.8.3 Final Plans. In addition to the information that City required for Preliminary plans, the Final Plans shall include a title report for the Use Area and the Shared Use Area, engineering design documents for the pole foundation, pole structural design, and other generally required engineering specifications for construction drawings or "CD" plans for permits.

6.9 Approval Process. The following procedure shall govern Wireless Provider's submission to City of all plans for Wireless Provider's Improvements, including any proposed changes by Wireless Provider to previously approved plans:

6.9.1 All plans Wireless Provider submits under these Standard Terms shall show design, appearance, capacity, views, and other information reasonably deemed necessary by City for a complete understanding of the work proposed, all in detail reasonably deemed appropriate by City for the level of plans required herein.

6.9.2 Wireless Provider shall deliver all plans submissions for non-regulatory approvals required herein directly to City's Regulatory Affairs Division and shall clearly label the submissions to indicate that they are submitted pursuant to the Standard Terms and not for building permits, zoning or other approvals. Each submittal of plans by Wireless Provider for City's review shall include five (5) complete sets of the plans on paper or up to two (2) copies of the plans in different electronic forms.

6.9.3 All construction plans shall be prepared by qualified registered professional engineers.

6.9.4 City and Wireless Provider shall endeavor to resolve design and construction issues to their mutual satisfaction but, in the event of an impasse for any reason or however arising, in light of City's ownership and other uses of the Use Areas, and as a condition of City's entering into a Site Permit, final decision authority regarding all design and construction issues shall rest with City.

6.9.5 All Wireless Provider's Improvements shall comply with all requirements of law, any applicable insurance contracts and these Standard Terms.

6.10 Cost of Wireless Provider Improvements. All Wireless Provider's Improvements shall be designed and constructed by Wireless Provider at Wireless Provider's sole cost and expense, including without limitation any alteration or other change to City's equipment or other improvements or personalty that may occur. In no event shall City be obligated to compensate Wireless Provider in any manner for any of Wireless Provider's Improvements or other work provided by Wireless Provider during or related to the term of any issued Site Permit. Wireless Provider shall timely pay for all labor, materials, work, and all professional and other services related thereto and shall pay, protect, indemnify, defend and hold harmless City and City's employees, officers, contractors and agents against all claims related to such items. Wireless Provider shall bear the cost of all work required from time to time to cause the Use Areas and City's adjoining property (if directly affected by Wireless Provider's work) to comply with local zoning rules, the Americans with Disabilities Act, building codes and all similar rules, regulations and other laws if such work is required because of work performed by Wireless Provider, by Wireless Provider's use of the Use Areas, or by any exercise of the rights granted to Wireless Provider under a License Agreement.

6.11 Improvement Quality. Any and all work performed on the Use Areas by Wireless Provider shall be performed in a workman-like manner meeting or exceeding the best practices of similar facilities in Maricopa County, Arizona, and shall be diligently pursued to completion and in conformance with all building codes and similar rules. All of Wireless Provider's Improvements shall be high quality, safe, fire resistant, modern in design, and attractive in appearance, all as approved by City through the plans approval processes described in these Standard Terms in addition to any zoning, building code or other regulatory processes that may apply.

6.12 Ownership of Wireless Provider's Improvements. All Wireless Provider's Improvements (including without limitation poles and lights) except the Communications Equipment shall be and become part of the real property of City "brick by brick" as constructed or installed.

6.13 Damage During Work. Upon performing any work upon the Right-of-way, Wireless Provider shall simultaneously restore the Right-of-way to its prior condition, as directed by City and repair any holes, mounting surfaces or other damage whatsoever to the Right-of-way. Such work shall include revegetation and appropriate irrigation systems for revegetated areas.

6.14 Replacement Pole. If City approves a Wireless Provider proposal to install Antennas on a City owned pole, then in addition to the other requirements, the following shall apply:

6.14.1 Wireless Provider shall provide and deliver to City a replacement pole, including mast arm, so that a replacement is immediately available to City in case the original pole is damaged.

6.14.2 If City uses a replacement pole, then Wireless Provider shall provide another replacement pole.

6.14.3 Upon installation of a replacement pole, the City will determine if the original pole, mast arm(s), signal head(s), and light fixture(s) shall be delivered by Wireless Provider to the City's Streets & Transportation Yard or if the Wireless Provider shall dispose of the original pole, mast arm, signal head and light fixture.

6.14.4 All performance under this paragraph shall be at Wireless Provider's expense. City owns the original pole and all replacement poles.

6.15 Coordination with Encroachment Permit. The Street Parcel is located in City's public street Right-of-way. Wireless Provider shall obtain encroachment permits at Wireless Provider's expense as follows:

6.15.1 Wireless Provider shall perform no construction work in the Right-of-way without obtaining from City a permit giving permission to work in the Right-of-way.

6.15.2 Wireless Provider shall not alter or modify its antennas, wireless equipment or any improvements without submitting plans or drawings of the proposed alteration or modification to City and obtaining approval from City's Regulatory Affairs Division.

6.15.3 Wireless Provider shall not perform any work on its own antennas or wireless equipment without first obtaining from City an encroachment permit giving it permission to work in the Right-of-way.

6.15.4 Wireless Provider shall not in any way obstruct pedestrian or vehicular traffic within the Right-of-way without first obtaining from City a permit giving permission to obstruct traffic.

6.16 Time for Completion. Wireless Provider shall diligently and expeditiously pursue to completion the construction of all approved Wireless Provider's Improvements. Wireless Provider shall complete initial construction of the Project no later than the Completion Deadline. Wireless Provider shall complete construction of all of other Wireless Provider's Improvements no later than one hundred eighty (180) days of encroachment permit issuance unless City and Wireless Provider agree to extend this period or a delay is caused by a lack of commercial power at the site. If City, in its sole examination of the construction activity at a site, determines that Wireless Provider has not substantially performed construction at a site within one hundred eighty (180) days of the

encroachment permit issuance date, City may require the Wireless Provider to cease construction and resubmit the site for approval.

6.17 Construction Notification. City may establish requirements for notification of nearby residents and property owners prior to construction.

6.18 Work Time and Manner Restrictions. All installation, construction, maintenance, inspection, repair and other work of any kind shall be done in a manner that does not disrupt traffic (except in compliance with appropriate permits) or nearby land uses. Without limitation, such work shall be done in compliance with applicable City policies and directions from time to time, taking into account the various sensitivities of traffic, tourism, events, adjoining land uses, other Right-of-way uses, and all other needs and concerns that are likely to be affected by Wireless Provider's work.

VII. RF SAFETY FOR CITY'S EMPLOYEES

7. As City's employees, agents, and representatives must have uninterrupted and safe access to the ROW and all structures located thereon, Wireless Provider must comply with at least one of the following safety protocols:

7.1 Participate in a City RF Safety Program (the "City's Safety Program"), enrollment in which shall include:

7.1.1 A one-time contribution to the City of two (2) RF Personal Monitors, as specified below, for monitoring radio frequency emissions from Wireless Provider Facilities during the repair and maintenance of City's Facilities and ROW. The RF Personal Monitors shall be delivered to the City's Regulatory Affairs Division within 60 days of the issuance date of the first permit for a Small Wireless Facility issued to the Wireless Provider.

7.1.1.1 The RF Personal Monitor shall be a new manufactured with full original manufacturer's warranty NARDA (2271/101) – Nardalert S3 Personal & Area Monitor or equivalent device that is approved by the City.

7.1.1.2 The Wireless Provider shall provide for each Nardalert S3 Personal & Area Monitor, a protective silicon or rubberized cover, and a case to store and carry the device.

7.1.2 An annual contribution of two thousand five hundred dollars (\$2,500.00) for third-party training of City employees who will work on poles that have a Wireless Facility and for the ongoing operation – including the annual recertification training of City employees, test set calibration, and test set maintenance and repair – of the City's Safety Program ("Annual Contribution").

7.1.2.1 The first annual contribution, payable to the City of Chandler, shall be delivered or transferred as directed by the City's Regulatory Affairs Division within 60 days of the issuance date of the first permit for a Small Wireless Facility issued to the Wireless Provider.

7.1.2.2 Each annual contribution thereafter shall be made payable to the City of Chandler as directed by the City's Regulatory Affairs Division on or before the

anniversary date of the issuance date of the first permit for a Small Wireless Facility issued to the Wireless Provider.

7.1.3 On each five (5) year interval of the issuance date of the first permit to install a Small Wireless Facility in the City, the Wireless Provider shall provide the City with one (1) additional RF Personal Monitor that meets or exceeds the requirement in Sections 7.1.1.1 and 7.1.1.2 that the City must approve prior to purchase.

7.1.4 Prior to performing any work on a wireless site in the ROW, the City's employee will contact the Network Operations Center (the NOC") whose information shall be located on the ground equipment or on the pole. The City's employee shall identify himself or herself as an employee of City and needs the RF to be turned off at the site for a specified period to perform maintenance or repair work at the site. Upon completion of the work, the City's employee shall contact the NOC and inform them that the site may activate the RF signals.

7.2 Provide access to a "kill switch" for each wireless site that the City's employees, agents, or representatives can use to turn off all power to the Wireless Provider's Facilities while City's work is performed at the location.

7.3 Within 24 hours of a request, agree to send a technician with an RF monitor to confirm that all RF emitting equipment has, in fact, been deactivated, and to install all appropriate lockout tags and devices.

VIII. MAINTENANCE AND UTILITIES

8. Maintenance and Utilities. Except as expressly provided below, Wireless Provider shall be solely responsible for all maintenance, repair and utilities for the Use Areas during the term of an issued Site Permit. Without limitation, Wireless Provider shall perform the following:

8.1 Maintenance by City. City has no maintenance or repair obligations for the Communications Equipment or other Wireless Provider's Improvements.

8.2 Maintenance by Wireless Provider. Wireless Provider shall at all times repair and maintain the Use Areas at Wireless Provider's sole expense in a first-class, sound, clean, safe and attractive manner, meeting or exceeding the manner of maintenance at first class comparable facilities in Maricopa County, Arizona, as determined in City's reasonable discretion. The preceding sentence does not require Wireless Provider to repair or maintain City's facilities at the Use Area unless such work is attributable in whole or in part to Wireless Provider's use of the Use Areas.

8.3 Utility Service. Wireless Provider shall contract for and pay all charges, fees, deposits and other amounts for electricity and telephone and other data communication service to the Use Areas at the rates applicable thereto. Wireless Provider shall use no other utilities at the Use Areas.

8.4 Utility Interruptions. City is not responsible for any interruption of utilities to or upon the Use Areas or other difficulties related to utilities at the Use Areas.

8.5 Right of Inspection. City shall be entitled to inspect all construction, reconstruction or installation work and to make such tests as it deems necessary to ensure compliance with the terms herein, the Street Code, or other Telecommunications Laws. All City plans reviews,

inspections, standards and other rights and actions with relation to Wireless Provider's Improvements are for City's sole and exclusive benefit and neither Wireless Provider nor any other person shall rely thereon or have any rights related thereto. The preceding sentence does not prevent Wireless Provider from relying on consents, permits or approvals City may grant based on City's plans, reviews, and inspections. This right of access is in addition to access rights for City inspectors or other employees and officers acting within their legal authority.

8.6 Construction Notification. City may establish requirements for Wireless Provider to notify nearby residents prior to construction.

8.7 Blue Stake. Wireless Provider shall register with and comply with the local Blue Stake program.

IX. BREACH BY WIRELESS PROVIDER

9. Breach by Wireless Provider. Wireless Provider shall comply with, perform and do each obligation required of Wireless Provider herein and shall cause all persons using the Use Areas through or under Wireless Provider or these Standard Terms to do the same. Wireless Provider's failure to do so shall be a material breach by Wireless Provider of these Standard Terms.

9.1 Events of Default. All License Agreements and Site Permits are approved upon the condition that each and every one of the following events herein shall be deemed an "Event of Default" by Wireless Provider of Wireless Provider's material obligations under these Standard Terms:

9.1.1 If Wireless Provider shall be in arrears in the payment of Use Fee and shall not cure such arrearage within fifteen (15) days after City has notified Wireless Provider of such arrearage.

9.1.2 If Wireless Provider shall fail to operate the Communications Equipment (except during specific periods expressly excused herein) for a period of thirty (30) consecutive days or a total of sixty (60) days within any twelve (12) month period.

9.1.3 If Wireless Provider shall fail to maintain any insurance required under these Standard Terms. Notwithstanding the preceding sentence, such failure shall not be a default if within thirty (30) business days after notice from City, Wireless Provider provides to City the required insurance and the required evidence thereof. Such insurance must cover the past for a period adequate that there is no gap in the insurance coverage required by these Standard Terms.

9.1.4 If the Wireless Provider's right to use a Pole expires or is terminated for any reason.

9.1.5 If Wireless Provider does not commence and diligently pursue to completion each required stage of construction of the site within the times required herein. The times specified for concluding each stage of required construction have been established far enough in advance, and have taken into account the likelihood of construction delays, so that no cure period is provided.

9.1.6 If Wireless Provider shall be the subject of a voluntary or involuntary bankruptcy, receivership, insolvency or similar proceeding or if any assignment of any of Wireless Provider's or such other person's property shall be made for the benefit of creditors or if Wireless

Provider or such other person dies or is not regularly paying its debts as they come due (collectively a "Wireless Provider Insolvency").

9.1.7 If the issuer of any letter of credit shall fail for any reason to timely and fully honor any request by City for funds or other performance under the instrument and Wireless Provider fails to cause the issuer to or some other person to honor the request within thirty (30) days after City notifies Wireless Provider that such request has not been honored.

9.1.8 If Wireless Provider shall fail to obtain or maintain any licenses, permits, or other governmental approvals pertaining to the Right-of-way or timely pay any taxes pertaining to the Right-of-way and shall not cure such failure within thirty (30) days which shall be extended to ninety (90) days if Wireless Provider begins to cure in good faith within thirty (30) days.

9.1.9 If City shall be exposed to any liability, obligation, damage, cost, expense, or other claim of any description, whether or not asserted, unless Wireless Provider gives immediate notice to City of Wireless Provider's commitment to indemnify, defend and hold City harmless against such claim Wireless Provider does in fact promptly commence and continue to indemnify, defend and hold City harmless against such claim.

9.1.10 If Wireless Provider shall fail to meet its obligations under the RF Safety Paragraph.

9.1.11 If Wireless Provider shall engage in a pattern of repeated failure (or neglect) to timely do or perform or observe any provision contained herein. After City has once given notice of any failure by Wireless Provider to comply with its obligations set forth in these Standard Terms, the following shall constitute a repeated failure by Wireless Provider to comply with such provision:

9.1.11.1 Another failure to comply with any provision of these Standard Terms during the following thirty (30) day period.

9.1.11.2 Three (3) or more failures to comply with any provision of these Standard Terms during any ninety (90) day period.

9.1.11.3 Six (6) or more failures to comply with any provision of these Standard Terms during any twelve (12) month period.

9.1.12 If Wireless Provider shall fail to or neglect to timely and completely do or perform or observe any other provisions herein and such failure or neglect shall continue for a period of thirty (30) days after City has notified Wireless Provider in writing of such failure or neglect.

9.2 City's Remedies. Upon the occurrence of any Event of Default or at any time thereafter, City may, at its option and from time to time, exercise at Wireless Provider's expense any or all or any combination of the following cumulative remedies in any order and repetitively at City's option:

9.2.1 Terminate any or all License Agreements and Site Permits due to Wireless Provider's breach or for any other reason does not terminate Wireless Provider's obligations arising during the time simultaneous with or prior to or the termination, and in no way terminates any of Wireless Provider's liability related to any breach of these Standard Terms.

9.2.2 Pay or perform, for Wireless Provider's account, in Wireless Provider's name, and at Wireless Provider's expense, any or all payments or performances required hereunder to be paid or performed by Wireless Provider.

9.2.3 Abate at Wireless Provider's expense any violation of these Standard Terms.

9.2.4 Notwithstanding anything under these Standard Terms to the contrary, unilaterally and without Wireless Provider's or any other person's consent or approval, draw upon, withdraw or otherwise realize upon or obtain the value of any letter of credit, escrowed funds, insurance policies, or other deposits, sureties, bonds or other funds or security held by City or pledged or otherwise obligated to City by Wireless Provider or by any third party (whether or not specifically mentioned herein) and use the proceeds for any remedy permitted by these Standard Terms.

9.2.5 Require an additional security deposit adequate in City's sole discretion to protect City and the Right-of-way.

9.2.6 Assert, exercise or otherwise pursue at Wireless Provider's expense any and all other rights or remedies, legal or equitable, to which City may be entitled, subject only to the limitation set out below on City's ability to collect money damages in light of the Violation Use Fee.

9.3 Violation Use Fee. In lieu of certain money damages (the "Inconvenience Costs") set out below, the following shall apply to Wireless Provider's violation of certain limited requirements of these Standard Terms (the "Violation Fee Provisions"):

9.3.1 The Inconvenience Costs are the money damages that City suffers in the form of administrative cost and inconvenience, disharmony among Competing Users, and general inconvenience in Right-of-way use by City, Competing Users and the public when Wireless Provider fails to comply with the Violation Fee Provisions.

9.3.2 Wireless Provider's failure to comply with Violation Fee Provisions will result in Inconvenience Costs in an amount that is and will be impracticable to determine. Therefore, the parties have agreed that, in lieu of Wireless Provider paying to City as damages the actual amount of the Inconvenience Costs for violating the Violation Fee Provisions, Wireless Provider shall pay Violation Use Fee.

9.3.3 Violation Use Fee is only intended to remedy Inconvenience Costs that City suffers because of Wireless Provider's breach of the Violation Fee Provisions. Wireless Provider's payment of Violation Use Fee does not in any way excuse any breach by Wireless Provider of these Standard Terms or limit in any way Wireless Provider's obtaining any other legal or equitable remedy provided by these Standard Terms or otherwise or such breach. For example, Wireless Provider's obligation to pay Violation Use Fee does not in any way detract from Wireless Provider's indemnity and insurance obligations under these Standard Terms, which shall apply according to their terms in addition to Wireless Provider's obligation to pay Violation Use Fee.

9.3.4 Wireless Provider may elect to draw upon the letter of credit to collect the Violation Use Fee.

9.3.5 The Violation Fee Provisions and the amount of the Violation Use Fee per day or part thereof are as follows:

9.3.5.1 The amount of Six Hundred Dollars (\$600.00) per day for Wireless Provider's failure to properly restore the public Right-of-way or to correct related violations of specifications, code, ordinance or standards within ten (10) business days after City's notice to correct such defects. Such Violation Use Fee shall be in addition to any cost the City may incur to restore the Right-of-way or correct the violation.

9.3.5.2 The amount of Two Hundred Fifty (\$250.00) per day for each failure to make Wireless Provider's books and records available as required by the License Agreement.

9.3.5.3 The amount of Five Hundred Dollars (\$500.00) per instance of any other action or non-action by the Wireless Provider contrary to these Standard Terms herein, that causes Inconvenience Costs and that is not cured after three (3) business days' notice.

9.3.6 Violation Use Fees shall be assessed as follows:

9.3.6.1 If City determines that Wireless Provider is liable for Violation Use Fee, then City shall issue to Wireless Provider a notice of City's assessing a Violation Use Fee. The notice shall set forth the nature of the violation and the amount of the assessment.

9.3.6.2 Wireless Provider shall pay the Violation Use Fee within ten (10) days after City's notice. However, if the Violation Use Fee amount exceeds Five Thousand Dollars (\$5,000), then the following shall apply:

9.3.6.2.1 Wireless Provider shall have thirty (30) days after the notice to pay the Violation Use Fee or give City notice contesting the assertion of noncompliance.

9.3.6.2.2 If Wireless Provider fails to respond to the notice, Wireless Provider shall pay the Violation Use Fee. Otherwise, City shall schedule a public hearing to investigate whether the Violation Use Fee is properly assessed. City shall provide Wireless Provider at least ten (10) days' notice of such hearing, which shall specify the time, place and purpose of the hearing. At the hearing, Wireless Provider shall be provided an opportunity to be heard and present evidence. If the result of the hearing is that Wireless Provider is liable for Violation Use Fee, then the Violation Use Fee is due ten (10) days after the hearing decision is announced.

9.4 Non-waiver. Wireless Provider acknowledges Wireless Provider's unconditional obligation to comply with these Standard Terms herein. No failure by City to demand any performance required of Wireless Provider under these Standard Terms herein, and no acceptance by City of any imperfect or partial performances under these Standard Terms herein, shall excuse such performance or impair in any way City's ability to insist, prospectively and retroactively, upon full compliance with these Standard Terms herein. No acceptance by City of Use Fee payments or other performances hereunder shall be deemed a compromise or settlement of any right City may have for additional, different or further payments or performances as provided for in these Standard Terms. Any waiver by City of any breach of condition or covenant herein contained to be kept and performed by Wireless Provider shall not be deemed or considered as a continuing waiver and shall not operate to bar or otherwise prevent City from declaring a default for any breach or succeeding or continuing breach either of the same condition or covenant or otherwise. No statement, bill or notice by City or Wireless Provider concerning payments or other performances due hereunder, or failure by City to demand any performance hereunder, shall excuse Wireless Provider from compliance with its obligations nor estop City (or otherwise impair

City's ability) to at any time correct such notice and/or insist prospectively and retroactively upon full compliance with the License Agreement. No waiver of any description (INCLUDING ANY WAIVER OF THIS SENTENCE OR PARAGRAPH) shall be effective against City unless made in writing by a duly authorized representative of City specifically identifying the particular provision being waived and specifically stating the scope of the waiver. WIRELESS PROVIDER EXPRESSLY DISCLAIMS AND SHALL NOT HAVE THE RIGHT TO RELY ON ANY SUPPOSED WAIVER OR OTHER CHANGE OR MODIFICATION, WHETHER BY WORD OR CONDUCT OR OTHERWISE, NOT CONFORMING TO THIS PARAGRAPH.

9.5 Reimbursement of City's Expenses. Wireless Provider shall pay to City within thirty (30) days after City's demand any and all amounts expended or incurred by City in performing Wireless Provider's obligations (upon Wireless Provider's failure to perform the same after notice from City) together with interest thereon at the rate of ten percent (10%) per annum from the date expended or incurred by City.

9.6 Breach by City. Notwithstanding anything in these Standard Terms to the contrary, if City at any time is required to pay to Wireless Provider any amount or render any performance, such amount or performance is not due until thirty (30) days after notice by Wireless Provider to City that the amount has become payable or that the performance is due. In the event a cure cannot be effected during that period, City shall not be in default so long as City commences cure during the period and diligently prosecutes the cure to completion provided such cure must be completed within sixty (60) days after the notice.

9.7 Right to Setoff and Credit. In addition to its other rights and remedies City shall have the right to setoff and credit from time to time and at any time, any and all amounts due from Wireless Provider to City, whether pursuant to these Standard Terms herein or otherwise, against any sum which may be due from City to Wireless Provider.

X. TERMINATION

10. Rights at Termination. The following provisions shall apply at the expiration of the term of each License Agreement and Site Permit:

10.1 Surviving Obligations. Expiration or termination of a License Agreement does not terminate Wireless Provider's obligations existing or arising prior to or simultaneous with, or attributable to, the termination or events leading to or occurring before termination.

10.2 Delivery of Possession. Wireless Provider shall cease using the Use Areas of the expired or terminated License Agreement and Site Permit. Wireless Provider shall without demand, peaceably and quietly quit and deliver up the Use Areas to City thoroughly cleaned, in good repair with the Use Areas maintained and repaired and in as good order and condition, reasonable use and wear excepted, as the Use Areas now are or in such better condition as the Use Areas may hereafter be placed.

10.3 Confirmation of Termination. Upon expiration or termination of a License Agreement or Site Permit for any reason, Wireless Provider shall provide to City upon demand recordable disclaimers covering the Use Areas executed and acknowledged by Wireless Provider and by all persons claiming through these Standard Terms, any License Agreement, any Site Permit, or Wireless Provider any interest in or right to use the Use Areas.

10.4 Removal of Improvements. Wireless Provider shall remove all Communications Equipment and restore the Use Areas including pole, mast arms, luminaires, or wireless support structure to its prior condition, or to a condition matching City's surrounding land and improvements, as directed by City, at Wireless Provider's expense prior to normal expiration of the term of a License Agreement or Site Permit or within ninety (90) days; after termination of a License Agreement or Site Permit or for any other reason whatsoever. Without limitation, such work shall include revegetation and appropriate irrigation systems for revegetated areas. Notwithstanding anything in these Standard Terms to the contrary, City may elect to require Wireless Provider to leave any or all construction or other items (except the Communications Equipment) in place, and all such items shall be owned by City. Unless City directs otherwise, all wiring, pipes and conduits shall be left in good and safe condition, in working order, with each end properly labeled and enclosed in proper junction boxes.

10.5 Prior Improvements. This article also applies to any improvements that Wireless Provider may have made to the Use Areas.

XI. INDEMNITY AND INSURANCE

11. Insurance Responsibility. During the entire term of any License Agreement or Site Permit, Wireless Provider shall insure its property and activities at and about the Use Areas and shall provide insurance and indemnification as follows:

11.1 Insurance Required. Not later than the date of the License Agreement, and at all times thereafter when Wireless Provider is occupying or using the Use Areas in any way, Wireless Provider shall obtain and cause to be in force and effect the following insurance:

Commercial general liability insurance with a limit of Ten Million and No/100 Dollars (\$10,000,000.00) for each occurrence, a limit of Ten Million and No/100 Dollars (\$10,000,000.00) for products and completed operations annual aggregate, and a limit of Ten Million and No/100 Dollars (\$10,000,000.00) general aggregate limit per policy year. The policy shall cover liability arising from premises, operations, independent contractors, products, completed operations, personal injury, bodily injury, advertising injury, and liability assumed under an "insured contract" including the License Agreement. The policy will cover Wireless Provider's liability under the indemnity provisions set forth in these Standard Terms. The policy shall contain a "separation of insured's" clause.

11.1.2 Automobile Liability. Automobile liability insurance with a limit of One Million Dollars (\$1,000,000) for each occurrence covering any and all owned, hired, and non-owned vehicles assigned to or used in any way in connection with Wireless Provider's use of the Right-of-way. Without limitation, such insurance shall cover hazards of motor vehicle use for loading and off loading.

approved License Agreement, an issued Site Permit, or hereafter constructed in an amount equal to full replacement cost of all such improvements. Such insurance shall be special causes of loss policy form (minimally including perils of fire, lightning, explosion, windstorm, hail, smoke, aircraft, vehicles, riot, civil commotion, theft, vandalism, malicious mischief, collapse and flood). Coverage shall include pollutant clean up and removal with minimum limits coverage of Fifty-Thousand Dollars (\$50,000.00).

Such insurance shall be limited to insurance a reasonable person owning, leasing, designing, constructing, occupying, or operating similar facilities might reasonably purchase.

11.2 Policy Limit Escalation. City may elect by notice to Wireless Provider to increase the amount or type of any insurance to account for inflation, changes in risk, or any other factor that City reasonably determines to affect the prudent amount of insurance to be provided.

11.3 Form of All Insurance. All insurance provided by Wireless Provider with respect to the Right-of-way, whether required in these Standard Terms or not, shall meet the following requirements:

11.3.1 "Occurrence" coverage is required.

11.3.2 If Wireless Provider uses any excess insurance then such excess insurance shall be "follow form" equal to or broader in coverage than the underlying insurance.

11.3.3 Policies must also cover and insure Wireless Provider's activities relating to the business operations and activities conducted away from the Right-of-way.

11.3.4 Within five (5) business days of receiving a written request from the City, Wireless Provider shall provide copies of insurance certificates, insurance policies, formal endorsements or other documentation acceptable to City that all insurance coverage required herein is provided.

11.3.5 Wireless Provider's insurance shall be primary insurance with respect to claims arising out of Wireless Provider's operations, activities and obligations set forth in these Standard Terms.

11.3.6 All policies, including workers' compensation, shall waive transfer rights of recovery (subrogation) against City, and the other Additional Insureds.

11.3.7 All deductibles, retentions, or "self-insured" amounts shall be subject to the following:

11.3.7.1 Wireless Provider shall be solely responsible for any self-insurance amount or deductible.

11.3.7.2 Such amounts shall not exceed in total One Hundred Thousand Dollars (\$100,000.00) per loss. At such times as Wireless Provider's net worth is more than One

Hundred Million Dollars (\$100,000,000.00), such limit shall be One Million and No/100 Dollars (\$1,000,000.00).

11.3.7.3 Any self-insured exposure shall be deemed to be an insured risk under the License Agreement.

11.3.7.4 Wireless Provider shall provide to the beneficiaries of all such amounts no less insurance protection than if such self-insured portion was fully insured by an insurance company of the quality and caliber required hereunder.

11.3.7.5 The right to self-insure is limited and specific to Wireless Provider and does not extend to Wireless Provider's contractors or others.

11.3.8 All policies except workers' compensation must name City and the other Additional Insureds as additional insureds. Wireless Provider shall cause coverage for Additional Insureds to be incorporated into each insurance policy by endorsement with respect to claims arising out of Wireless Provider's operations, activities and obligations under these Standard Terms.

11.3.9 All policies must require the insurer to provide City with at least thirty (30) days' prior notice of any cancellation. The insurer's duty to notify City of changes in coverage shall not include phrases such as "endeavor to" or "but failure to mail such notice shall impose no obligation or liability of any kind upon the company, its agents or representatives."

11.3.10 All policies shall require that notices be given to City in the manner specified for notices to City set forth in these Standard Terms.

11.4 Insurance Certificates. Wireless Provider shall evidence all insurance by furnishing to City certificates of insurance annually and with each change in insurance coverage. Certificates must evidence that the policy described by the certificate is in full force and effect and that the policy satisfies each requirement of these Standard Terms applicable to the policy. For example, certificates must evidence that City and the other Additional Insureds are additional insureds. Certificates must also be in an industry standard form reasonably acceptable to City. Wireless Provider shall provide updated certificates at City's request.

11.5 Acceptable Insurers. All insurance policies shall be issued by insurers acceptable to City. At a minimum, all insurers shall be duly licensed (or qualified unlicensed non-admitted insurer) by the State of Arizona, Department of Insurance. At a minimum, all insurers shall have and maintain an A.M. Best, Inc. rating of B++ 6.

11.6 No Representation of Coverage Adequacy. By requiring insurance herein, City does not represent that coverage and limits will be adequate to protect Wireless Provider. City reserves the right to review any and all of the insurance policies and/or endorsements cited in these Standard Terms but has no obligation to do so. Failure to demand such evidence of full compliance with the insurance requirements set forth in these Standard Terms or failure to identify any insurance deficiency shall not relieve Wireless Provider from, nor be construed or deemed a waiver of, Wireless Provider's obligation to maintain the required insurance at all times.

11.7 Indemnity. In addition to all other indemnities and other obligations hereunder, to the fullest extent permitted by law, throughout the term of any and all License Agreements or Site Permits and until all obligations and performances under or related to these Standard Terms are

satisfied and all matters described in this paragraph are completely resolved, Wireless Provider and all other persons using, acting, working or claiming through or for Wireless Provider (if they or their subcontractor, employee or other person or entity hired or directed by them participated in any way in causing the claim in question)) shall jointly and severally indemnify, defend and hold harmless City and all other Additional Insureds for, from and against any and all claims or harm related to Wireless Provider's use of the Right-of-way or the rights granted to Wireless Provider with respect to the Right-of-way or Wireless Provider's exercise of its rights under these Standard Terms (the "Indemnity"). Without limitation, the Indemnity shall include and apply to any and all allegations, demands, judgments, assessments, taxes, impositions, expenses, proceedings, liabilities, obligations, suits, actions, claims (including without limitation claims of personal injury, bodily injury, sickness, disease, death, property damage, destruction, loss of use, financial harm, or other impairment), damages, losses, expenses, penalties, fines or other matters (together with all attorney fees, court costs, and the cost of appellate proceedings and all other costs and expenses of litigation or resolving the claim) that may arise in any manner out of any use of the Right-of-way or other property pursuant to any and all License Agreements or Site Permits, or any actions, acts, errors, mistakes or omissions relating to work or services in the performance of or related to the License Agreement, including without limitation any injury or damages or cause of action claimed or caused by any employees, contractors, subcontractors, tenants, subtenants, agents or other persons upon or using the Right-of-way or surrounding areas related to Wireless Provider's exercise of its rights under the License Agreement, including without limitation, claims, liability, harm or damages caused in part by City or any other Additional Insured or anyone for whose mistakes, errors, omissions or negligence Wireless Provider or City may be liable. As a condition to City's approval of any and all License Agreements or Site Permits, Wireless Provider specifically agrees that to the extent any provision of this paragraph is not fully enforceable against Wireless Provider for any reason whatsoever, this paragraph shall be deemed automatically reformed to the minimal extent necessary to cause it to be enforceable to the fullest extent permitted by law. The Indemnity shall also include and apply to any environmental injury, personal injury or other liability relating to Wireless Provider's use of real property under the License Agreement. Notwithstanding the foregoing, the Indemnity does not apply to:

11.7.1 Claims arising only from the sole gross negligence or intentionally wrongful acts of City.

11.7.2 Claims that the law prohibits from being imposed upon the indemnitor.

11.8 Risk of Loss. Wireless Provider assumes the risk of any and all loss, damage or claims related to Wireless Provider's use of the Right-of-way or other property of City, Wireless Provider or third parties throughout the term of any and all License Agreements and the term(s) of any and all Site Permits. Wireless Provider shall be responsible for any and all damage to its property and equipment related to these Standard Terms.

11.9 Insurance to be Provided by Others. Wireless Provider shall cause its contractors or other persons occupying, working on or about, or using the Right-of-way pursuant to these Standard Terms to be covered by their own or Wireless Provider's insurance as required by these Standard Terms. The required policy limits for commercial general liability insurance provided by such persons shall be One Million Dollars (\$1,000,000) for each occurrence, One Million Dollars (\$1,000,000) for products and completed operations annual aggregate, and Two Million Dollars (\$2,000,000) general aggregate limit per policy year. This paragraph does not apply to persons who do not actually perform physical labor in the Right-of-way (such as Wireless Provider's consulting design engineers).

XII. CONDEMNATION

12. Condemnation. The following shall govern any condemnation of any part of or interest in the Use Areas and any conveyance to City or another condemnor in avoidance or settlement of condemnation or a threat of condemnation:

12.1 Termination for Condemnation. The Site Permit(s) for the Use Area shall terminate on the date (the "Condemnation Date") that is the earlier of the date title vests in the condemnor, or the date upon which the condemnor is let into possession. Notwithstanding the foregoing, if City reasonably determines that the Use Areas continue to be suitable for Wireless Provider to conduct the Permitted Uses, City may elect to cause the Site Permit(s) to continue to remain in effect as to the part of the Use Areas not taken and the Use Fee shall not be reduced or abated. Nevertheless, if Wireless Provider reasonably determines that the Use Areas are not suitable for Wireless Provider to conduct the Permitted Uses, then the Site Permit(s) shall terminate.

12.2 Condemnation Proceeds. Wireless Provider hereby assigns and transfers to City Wireless Provider's entire interest in all condemnation damages, interest, severance damages, and any other payments or proceeds of any kind relating to the condemnation (collectively the "Condemnation Proceeds"). Wireless Provider shall execute and deliver to City assignments or other instruments requested by City confirming such assignment and transfer. Wireless Provider shall immediately pay to City any Condemnation Proceeds Wireless Provider may receive. The Condemnation Proceeds shall not include relocation benefits, if any, awarded specifically to Wireless Provider to cover expenses of relocating Wireless Provider's business located at the Use Areas at the time of the condemnation, or any compensation specifically awarded to Wireless Provider for any taking of the Communications Equipment itself. Any repair, relocation or similar costs relating to the Communications Equipment shall be borne by Wireless Provider.

12.3 Power to Condemn. Wireless Provider acknowledges that City and others from time-to-time may use the power to condemn the Use Areas or any interest therein or rights thereto. City has not relinquished any right of condemnation or eminent domain over the Use Areas. City does not warrant that City will not condemn the Use Areas during the term of the License Agreement, but City does not presently have intentions to condemn the Use Areas.

XIII. DAMAGE TO OR DESTRUCTION OF USE AREAS

13. Damage to or Destruction of the Use Areas. The following provisions shall govern damage to or destruction of the Use Areas by fire, flood, explosion, the elements, the public enemy, or other casualty (collectively "Casualty Damage"):

13.1 Damage to Wireless Provider's Improvements. Wireless Provider shall commence restoring the Casualty Damage to Wireless Provider's Improvements within thirty (30) days after any Casualty Damage occurs. Wireless Provider shall complete the restoration work within thirty (30) days after commencement. Such work shall be subject to the plans approval process and all other requirements for Wireless Provider's Improvements. Wireless Provider shall perform all restoration work at Wireless Provider's sole cost and expense.

13.2 Monthly Restoration Work Report. Wireless Provider shall provide to City no later than the tenth day of each month a written narrative report of the progress of the restoration work.

XIV. WIRELESS PROVIDER'S RECORDS

14.2.3 Cause Wireless Provider's employees and agents and accountants to give their full cooperation and assistance in connection with City's access to the Covered Information.

14.3 Record Retention. Wireless Provider shall preserve records of the Covered Information in a secure place at Wireless Provider's corporate headquarters in the continental United States for a period ending seven (7) years after the time period reported by the records.

14.4 Record Media Included. City's and Wireless Provider's rights and obligations regarding the Covered Information apply regardless of the type of media, materials, or data repositories that may contain the Covered Information. City shall have access to Covered Information contained, without limitation, in records, books, papers, documents, recordings, computer data, contracts, logs, notes, ledgers, correspondence, reports, drawings, and memoranda, and any and all other sources, records and repositories of Covered Information.

14.5 Reports. Wireless Provider shall deliver to City written reports (and, if requested by City, a presentation to City's governing council or designee) covering such Covered Information as City may request from time to time. City shall not request such reports more often than once in any twelve (12) month period.

14.6 Standards for Records. Wireless Provider shall maintain a standard, modern system of recordkeeping for the Covered Information and shall keep and maintain proper and accurate books and other repositories of information relating to the Covered Information.

XV. COMPLIANCE WITH LAW

15. Compliance with Law. Wireless Provider shall perform its obligations under these Standard Terms in accordance with all federal, state, county and local laws, ordinances, regulations or other rules or policies as are now in effect or as may hereafter be adopted or amended. Without limiting in any way the generality of the foregoing, Wireless Provider shall comply with all and each of the following:

15.1 Applicability of Municipal Law. Without limitation, Wireless Provider shall comply with municipal laws as follows:

15.1.1 Wireless Provider acknowledges nothing set forth herein or by approval of any License Agreement or issuance of any Site Permit constitutes, and City has not promised or offered, any type of waiver of, or agreement to waive (or show any type of forbearance, priority or favoritism to Wireless Provider with regard to) any law, ordinance, power, regulation, tax, assessment or other legal requirement now or hereafter imposed by the City of Chandler or any other governmental body upon or affecting Wireless Provider, the Use Areas, or the Street Parcel or Wireless Provider's use of the Use Areas, the Street Parcel or the Right-of-way.

15.1.2 All of Wireless Provider's obligations hereunder are in addition to, and cumulative upon (and not to any extent in substitution or satisfaction of), all existing or future laws and regulations applicable to Wireless Provider.

15.1.3 City, by approving any License Agreement and/or Site Permit, cannot and has not relinquished or limited any right of condemnation or eminent domain over the Right-of-way or any other property related to these Standard Terms or within the Right-of-way.

15.1.4 An approved License Agreement or issued Site Permit cannot and does not impair City's, power to enact, apply or enforce any laws or regulations, or exercise any governmental powers affecting in any way Wireless Provider, the Use Areas, the Street Parcel, or the Right-of-way.

15.1.5 City's rights and remedies hereunder for Wireless Provider's failure to comply with all applicable laws supplement and are in addition to and do not replace otherwise existing powers of the City of Chandler or any other governmental body.

15.1.6 Wireless Provider's rights hereunder and pursuant to any approved License Agreement or issued Site Permit are further subject to all present and future building restrictions, regulations, zoning laws, and all ordinances, resolutions, rules and orders of all bodies, bureaus, commissions and bodies of any municipal, county, state, or federal authority, now or hereafter having jurisdiction over the Use Areas or Wireless Provider's use thereof. Wireless Provider shall comply with all of the foregoing.

15.2 Radio Frequency Compliance Requirements. Wireless Provider shall document, report and confirm its compliance with Federal Communications Commission ("FCC") Radio Frequency Exposure Guidelines (FCC OET Bulletin 65) and all other applicable radio frequency emissions laws and regulations in effect from time to time (collectively, the "FCC Rules") as follows:

15.2.1 Wireless Provider shall cause its senior internal engineer responsible for compliance with the FCC Rules to deliver to City a written letter (the "RF Letter"), as follows:

15.2.3 Wireless Provider shall also evidence and demonstrate its compliance with the FCC Rules in such manner and at such intervals as the Chandler City Code and other applicable laws and regulations may mandate.

15.3 Government Property Lease Excise Tax. Wireless Provider shall be responsible for any and all property taxes and all government property lease excise taxes described in A.R.S. § 42-6201 *et seq.* or similar laws in force from time to time. Pursuant to A.R.S. § 42-6206, failure by Wireless Provider to pay the taxes after notice and an opportunity to cure is an event of default that could result in divesting Wireless Provider of any interest in or right of occupancy of the Use Areas.

15.4 Use Area Regulations. City reserves the right to adopt, amend and enforce against Wireless Provider rules and regulations governing the operation of the Street Parcel, including the Use Areas, Wireless Provider's activities therein and thereon, and the public areas and facilities used by Wireless Provider in connection therewith.

Wireless Provider shall pay, indemnify, defend and hold harmless City from any and all such obligations, including any interest, penalties and other expenses which may be imposed, and from any lien therefor or sale or other proceedings to enforce payment thereof.

15.6 Permits. Nothing in these Standard Terms relieves Wireless Provider of the obligation to obtain permits, licenses and other approvals from City or other units of government that are required for the erection, construction, reconstruction, installation, operation or maintenance of the Communications Equipment or provision of Telecommunications Services; or from compliance with applicable municipal codes, ordinances, laws and policies, such as zoning and land use ordinances and regulations, pavement cut and restoration ordinances and regulations, subdivision and project improvement ordinances, curb cut permits, building permits, Right-of-way permits and the like.

XVI. ASSIGNABILITY

16. Assignability. License Agreements and Site Permits are not assignable by Wireless Provider (and any assignment shall be void and vest no rights in the purported assignee) unless the assignment is made in strict compliance with the following:

16.1 Assignments Affected. Every assignment of any of Wireless Provider's interest in the Right-of-way, any License Agreement, any Site Permit, or any of Wireless Provider's rights or

interests hereunder is prohibited unless Wireless Provider first receives from City notice of City's consent to the assignment, City's consent to such assignment not to be unreasonably withheld, conditioned, or delayed. All references in these Standard Terms to assignments by Wireless Provider or to assignees shall be deemed also to apply to all of the following transactions, circumstances and conditions and to all persons claiming pursuant to such transactions, circumstances and conditions:

16.2.1.2 The assignee is experienced in the management and operation of similar projects.

16.2.1.3 The assignee assumes all of Wireless Provider's obligations herein.

16.3 Limitations on Assignments. City's consent to any assignment, including without limitation, Pre-approved Assignments, is not effective until the following conditions are satisfied:

16.3.1 Except for the sale of stock, Wireless Provider shall provide to City a summary of provisions of the transaction documents assigning its interests.

16.3.2 Each assignee must execute an assumption of any and all License Agreements and Site Permits to be assigned in form acceptable to City.

16.3.3 Each Pre-approved Assignment must satisfy all other requirements of these Standard Terms pertaining to assignments.

16.4 Assignment Remedies. Any assignment without City's consent shall be void and shall not result in the assignee obtaining any rights or interests. City may, in its sole discretion and in addition to all other remedies available to City under these Standard Terms or otherwise, and in any combination, terminate any and all License Agreements and Site Permits; collect Use Fee from the assignee and/or declare the assignment to be void, all without prejudicing any other right or remedy of City under these Standard Terms. No cure or grace periods shall apply to assignments prohibited under these Standard Terms or to enforcement of any provision under these Standard Terms against an assignee who did not receive City's consent.
